**"Water is life!" - Call 2024 for the co-financing of an international cooperation project for the construction of drinking water supply systems**

**TRANSLATION IN ENGLISH LANGUAGE  
OF THE ORIGINAL PUBLICATION IN ITALIAN LANGUAGE  
In case of dispute, the original Italian language version will prevail**

### NOTICE OF ASSIGNMENT OF FUNDING

Lions Club Seregno AID, by November 30, 2024, received the applications from the Organizations participating in the selection for the "Water is life!"

The expressions of interest and the proposals received, of unequivocal value for the humanitarian purposes highlighted, were examined by the Council of the Lions Club Seregno AID. The proposal benefiting from the funding was identified by obtaining the maximum score in the evaluation grid published together with the call.

The funding is therefore assigned to:  
**Associazione Sermig Re.Te. per lo Sviluppo Onlus**

Lead organization of the partnership established with:  
**Koinonia Community Society - Lusaka**  
**Lions Club Lusaka Kabila**  
**Lions Club Caluso Canavese Sud Est**  
**Lions Club Alto Canavese**  
**Lions International Distretto 108 Ia1**

For the project:  
**"Zambia - Koinonia: apparteniamo gli uni agli altri"**  
(Zambia - Koinonia: we belong to each other)

With a vast territory double of Italy, but harsh and scarcely populated, Zambia is experiencing a hard crisis, with over 60% of the population below the poverty threshold (income <2.15 USD/day). The current emergency is a long period of drought, which has halved the production of basic foods and reduced to 1/6 the capacity of electric generation and consequently the flow in the water courses downstream.

The project aims to guarantee continuity in the water supply from the wells in the Lusaka community, providing water storage capacity (safe degree for human consumption) and energy autonomy for pumping. The guests of the structures of the Koinonia community, founded by father "Kizito" Renato Sesana, and the inhabitants of the village are the main recipients of the extracted water.

Another goal is to guarantee access to the water for the agricultural cultivation of the "Laudato sì" school for the formation of professional profiles in the agricultural field between the population of the village and the surrounding region.

**FINANCING ASSIGNMENT RANKING - CALL "WATER IS LIFE" 2024**

The applications, regularly received in the established terms, respond to the minimum documentary characteristics required for the evaluation of the merit. This evaluation was conducted by the Council of the Lions Club Seregno Aid, the organization promoting the call "Water is life!" 2024, according to the table reported in article 6b of the announcement published on the worldwaterday.it website, and produced the following ranking.

<b>Candidate project</b>	<b>Points</b>
<b>Zambia - Koinonia: apparteniamo gli uni agli altri</b> Capofila: Sermig Re. Te. per lo Sviluppo Onlus	57/71
<b>Water Roots</b> Associazione Epsilon ETS	52/71
<b>Kafa solar well and community empowerment</b> Fontazione Fonte di Speranza	49/71

**EVALUATION BY THE LIONS CLUB SEREGNO AID COUNCIL**

**Total score achieved in the project evaluation**  
**"Zambia - Koinonia: apparteniamo gli uni agli altri"**

**57/71**

**The project is first in the ranking and assignee of the funds allocated according to the provisions of the "Water is Life" call of Lions Club Seregno AID.**
